# Product Activation Tool Installation

---

The Product Activation Tool will be used to active FireArrow products. It is only required to install once on a server. If you have already installed it with other FireArrow products before, you can skip this installation section.

- Open the folder for Product Activation installation and run “Setup.exe”.

Name	Date modified	Type	Size
 FireArrow.ProductActionvation.Installer	8/25/2010 4:05 PM	Windows Installer ...	537 KB
 FireArrow.ProductActivation	8/25/2010 4:05 PM	Application	184 KB
 FireArrow.ProductActivation.RunAs	8/25/2010 4:05 PM	Application	76 KB
 setup	8/25/2010 4:05 PM	Application	421 KB

- The setup wizard will be displayed and click “Next” to proceed.

- Select the installation folder, and click ‘Next’.

- Click 'Next' to confirm the installation.

- The wizard starts the installation and display the installation progress.

- Installation is completed successfully and clicks “Close” to exit the wizard.

# License Management

---

The FireArrow KPI Odometer is allowed to use for 30-days after the installation without license activation. It is always recommended to provision your valid license activation key immediately after the installation is completed. Please go to the FireArrow web site (<http://www.firearrowsoft.com>) to purchase the software in order to obtain the license activation key.

After the software purchase, please email us ([support@firearrowsoft.com](mailto:support@firearrowsoft.com)) the following information in order to generate the product activation code:

1. Product key
2. Order confirmation #

We will email you the product activation key.

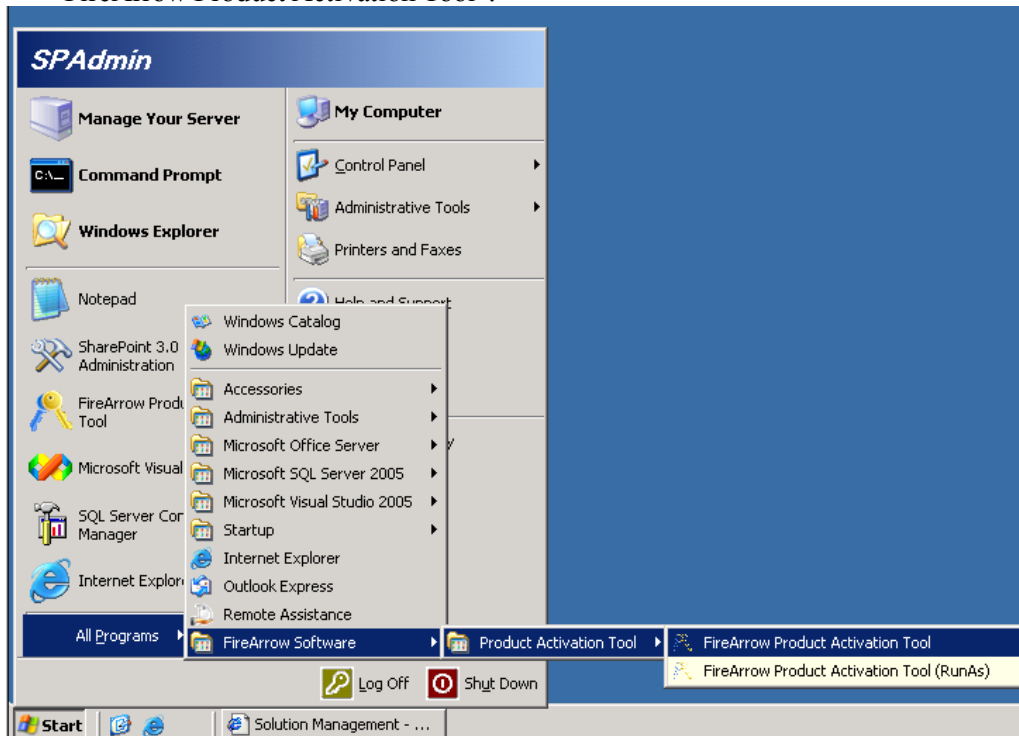

You can obtain the product key information through the Product Activation Tool. Please follow steps in the below section to obtain the product key and complete the license activation.

# License Activation

---

After the Product Activation Manager is successfully installed, follow below steps to obtain the product key information and activate the FireArrow product license in your server.

- Go to “Start” menu→All Programs→FireArrow Software→Product Activation Tool and click “FireArrow Product Activation Tool”.

- Select the ‘FireArrow KPI Odometer’ from the product dropdown list and the corresponding product information will be displayed in the form, including the “Product Key” information. You can also see the license status from the “Status” field. Before activation, the status will indicate you are using a trial version.

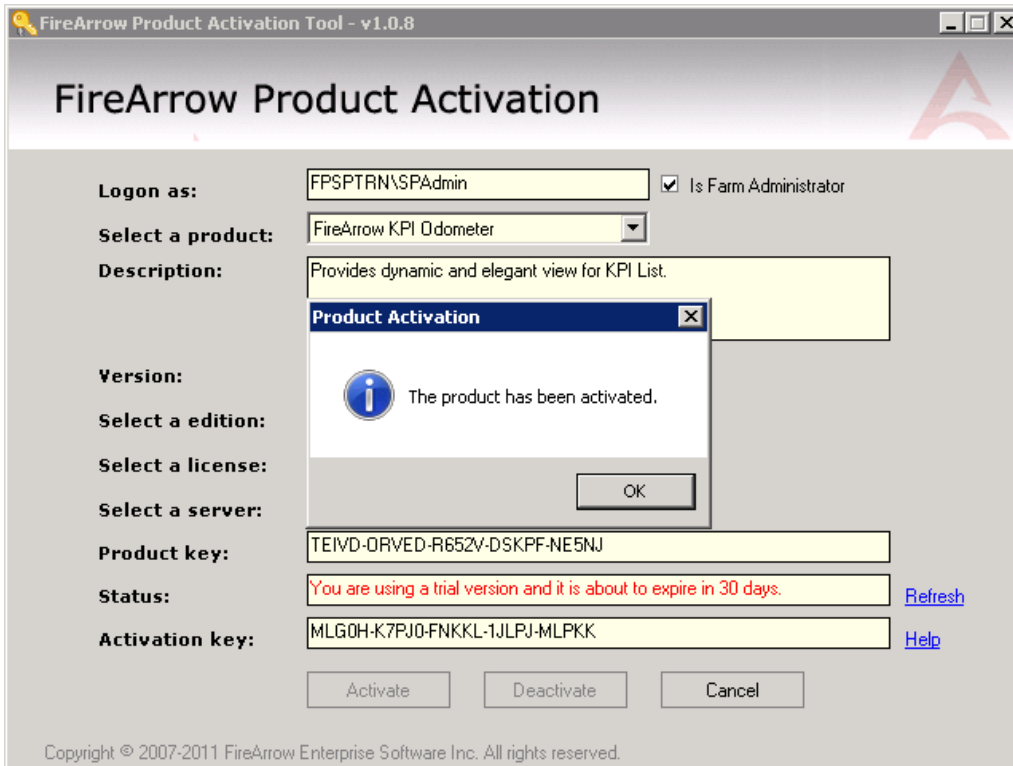

The screenshot shows the 'FireArrow Product Activation Tool - v1.0.8' window. The title bar includes a key icon and the text 'FireArrow Product Activation Tool - v1.0.8'. The main window has a header with the title 'FireArrow Product Activation' and a red 'A' logo. The interface contains several fields and controls:

- Logon as:** A text box containing 'FPSPTRN\SPAdmin' and a checked checkbox labeled 'Is Farm Administrator'.
- Select a product:** A dropdown menu showing 'FireArrow KPI Odometer'.
- Description:** A text box containing 'Provides dynamic and elegant view for KPI List.'
- Version:** A dropdown menu showing '1.0.0.0'.
- Select a edition:** A dropdown menu showing 'Standard'.
- Select a license:** A dropdown menu showing 'Server'.
- Select a server:** A dropdown menu showing 'FPSVRDEWIR032'.
- Product key:** A text box containing 'TEIVD-ORVED-R652V-DSKPF-NE5NJ'.
- Status:** A text box containing 'You are using a trial version and it is about to expire in 30 days.' To the right of this field are two blue links: 'Refresh' and 'Help'.
- Activation key:** An empty text box.

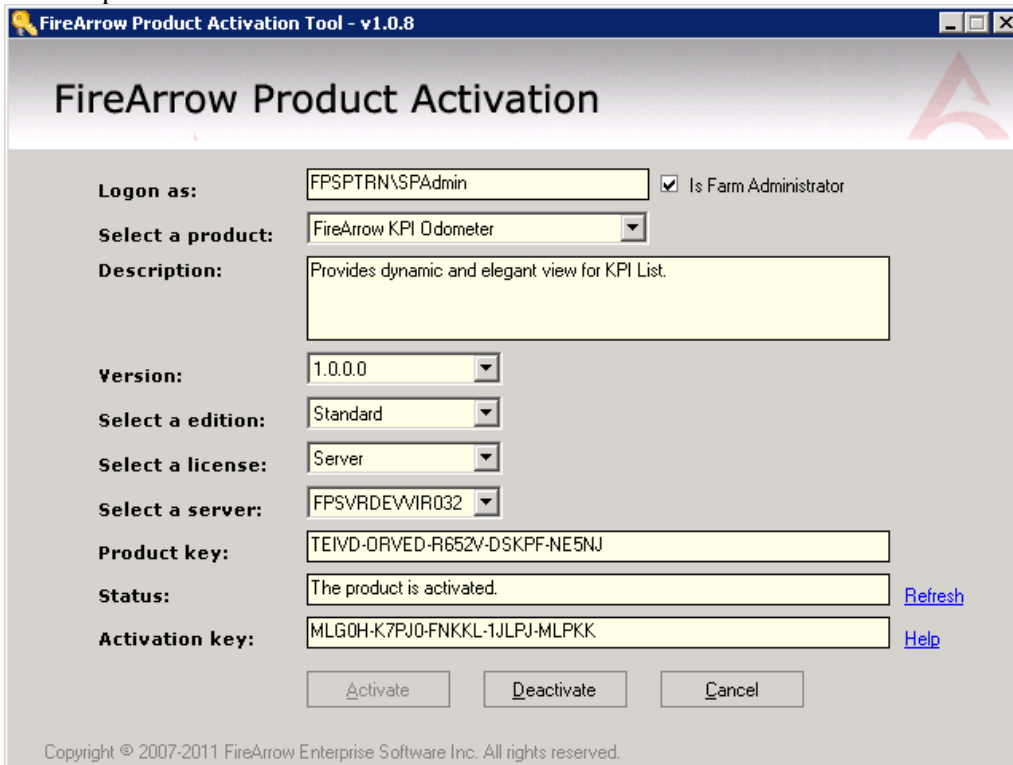

At the bottom of the form are three buttons: 'Activate', 'Deactivate', and 'Cancel'. Below the buttons is the copyright notice: 'Copyright © 2007-2011 FireArrow Enterprise Software Inc. All rights reserved.'

- Once you get the Activation Key, enter it into the ‘Activation Key’ field, and click ‘Activate’ button.

- Click OK in the pop-up window to confirm the activation. And you will notice that the message in the Status field is changed to “The product is activated”. The product activation is completed.

# Technical Support
